BIO:

Amy started as a substitute teacher at Crossroads Christian Academy over ten years ago. She fell in love with teaching and decided to pursue it full-time in 2016. Math and economics are her passion, and her students know her as the "Math Whisperer" with a smile and bubbly personality. Amy earned a Bachelor of Science, a major in psychology, and a minor in specialized education; She then continued her education, earning a Masters of Interdisciplinary Studies.

Outside of school, she is a wife and mother of 2 children, Elijah and Abigail. Amy loves the fact she gets to teach at the same school her children attend. On the weekends, she enjoys shopping, hiking, riding bikes, and reading.

"MATH - the only place where people buy 64 watermelons, and no one asks why."
- Amy (queen of math humor)

THINGS I PREFER "NOT" TO RECEIVE AND/OR HAVE ALLERGIES:

I love all the things!
