## NOT A FAN

## ABOUT ME

I am thrilled to be teaching Middle School English at CCA! Before entering education, I spent several years in the business world. Later, I felt called by God to return to school and earn my teaching credential. I began my career teaching 2nd and 3rd grade, then went on to teach 8th grade U.S.

History and English for several years. I also completed a Principal Residency Program and served as a Dean of Instruction, which deepened my commitment to the academic and personal growth of each student.

At CCA, I am dedicated to helping students grow as readers, writers, and critical thinkers. My goal is to create a classroom environment where they feel encouraged to ask questions, explore new ideas, and develop the skills they need to succeed both academically and in life. Above all, I aim to inspire students to use their talents for God's glory.

Outside of the classroom, I enjoy hiking, traveling, crafting, and exploring new places. I'm a proud mom to my son, Nathan, who also attends CCA. My husband, Tim, and I have been married for 16 wonderful years, and we are excited to be part of the CCA community as a family.
