# KIM HOSKINS

Jun 16

## BIO:

Kim graduated from Tennessee Tech University in 2005 with a BA in Multidisciplinary Studies. Then, she began her teaching career in the public school sector for a year. After a fantastic year, it was time for her to start a family, and being home with her babies was the focus of that season. As her little ones grew, she wanted to be a part of their education. So she began at CCA in 2016 and has never looked back.

Kim has two boys, Bart (5th grade) and Gus (K5), at CCA. She has been with her husband, Garrett, for almost 18 years. They have a small farm where they raise goats, pigs, and chickens. Most winter weekends include hiking with her husband and Balthazar (their beloved standard poodle). However, come summertime Kim is working in her garden, kayaking, fishing, or swimming.

"Math is my favorite, and victory in math is achieved through neatness." -Kim
